Canon 2016: Quality score vs price per bottle (£)

Château Canon 2016's release price puts it well below the market price for 2015 and also below 2009 / 2010. Not far behind 2015 for Quality score, and otherwise the best Canon ever, and taking into account the meteoric rise of the 2015 post release, this will fly.

“Lively dark crimson. Very smart and complex on the nose - distinctively different. Really focused and rich but not sweet. Real lift and drive. So complete! Opulent on the nose but nothing remotely simple and sweet. Throbs with excitement.”

“In the footsteps of the mythical 1955, with a limestone grain dressed in satin [...] and a saline and airy finish of the best effect. Well infused tannin.”

9 /10

Wine Lister's Founding Members (49 key global wine trade players) gave Canon a mammoth confidence rating of 9/10, up from 6/10 last year, on a par with first growths. One to watch!
