

Wine Lister's ground-breaking system consists of three main rating categories: Quality, Brand, and Economics. Each category contains several criteria, carefully selected and weighted, resulting in a holistic assessment of a fine wine's performance – overall and for each vintage. La Tâche Quality score vs average market price

With La Tâche 2015 achieving its best Quality score since 2005, its release price – well below the average market price for all other vintages – is great value. It's not so much a question of price; getting an allocation is the issue.
