Carruades de Lafite 2017: Quality score average market price (£)

Carruades' Quality score is down on 2016, back at around 2015 levels, but in any case prices for Lafite's second wine are basically immune to vintage quality, thanks to the immense strength of the brand, especially in China (note the release timing during Vinexpo Hong Kong). The 2017 release price from Lafite's all-new management team will bring it onto the market well below prices for all recent vintages, making it a sure sell-out again this year.

“Very soft texture but not lacking backgrounded structure. Elegant, and an attractive minerally, dark-fruited finish. Subtle.”

“Deep, textured and beautifully resonant, the 2017 has a lot to recommend it. This is a strong showing.”

Across all vintages, Carruades de Lafite has the best short-term price performance of all Bordeaux wines.
