Margaux 2017: Quality score vs average market price (£)

Margaux 2017 has been released at the same price as fellow first growth Mouton, at a discount to last year's release price, but only a slight discount to its current market price. 2012 and 2014 look attractive by comparison, both with higher Quality scores, but Margaux's indomitable status as one of the world's leading brands means there will always be demand.

Our Founding Members voted Margaux #2 most successful wine of the 2016 *en primeur* campaign alongside Lynch-Bages and Mouton

938 2017 Quality

94-97
Antonio Galloni (Vinous)

“One of the highlights on the Left Bank. Surprisingly powerful and virile [...].”

9 /10

17.5
Julia Harding (JR.com)

“Creamy and rich and supple on the long finish”

As most of the First Growths, Margaux is attributed a 9/10 confidence rating by Wine Lister's Founding Members in a recent survey
