

WINE LISTER

We are looking for a motivated, organised intern to join our fine wine tech start-up

WHO WE ARE

Wine Lister was founded in May 2016 by former London investment banker Ella Lister, with the vision to create a disruptive new fine wine rating and information system to meet the needs of an increasingly professional wine market.

WHAT WE DO

Wine Lister's intelligent ratings are built using a rich array of data and purpose-built algorithms, and are accessed via our fully-responsive website. In addition, Wine Lister draws on its expertise and analysis to offer bespoke consulting services to members of the fine wine trade, including the producers themselves.

JOB SUMMARY

Working directly with the CEO, the Director of Technology, the Head of Research, and the Sales & Marketing Manager, the successful candidate will gain a wealth of experience across all aspects of this young, fast-growing start-up.

Position: Intern

Location: Marylebone (next to Bond Street station)

Start date: ASAP

Length: up to 6 months

DUTIES AND RESPONSIBILITIES

The intern will gain experience across a range of areas, including:

- Data gathering: manually collecting data relating to the 5,000 wines in our database
- Data validation: checking and cleaning automatically mapped data
- Blog contributions: performing and writing up analysis for the Wine Lister blog
- Social media: helping to draft posts for Facebook, LinkedIn, Instagram, and Twitter
- Website feature research: helping to design new website features and functionality
- Website testing: providing feedback on website functionality and usability

SKILLS REQUIRED

The role will involve online research and dealing with large amounts of fine wine data, which requires the following skills:

- Computer skills: general computer literacy, including proficiency in Microsoft Office, in particular Excel (including mastering a range of formulae)
- European languages: English required; French desired; Spanish, German and Italian will be an advantage

WINE LISTER

NECESSARY ATTRIBUTES

The candidate must possess the following characteristics in order to be an effective addition to the team:

- Numerate: possessing a good grasp of figures and quantitative analysis
- Organised: highly focused, methodical, and rigorous, with precise attention to detail
- Problem solving: able to think on his / her feet to come up with solutions
- Self-starting: able to recognise what needs doing and be motivated to act on it

EDUCATION & EXPERIENCE

- Top grades at high school (A at A-Level or equivalent)
- Pre-existing knowledge of / genuine interest in learning about wine, in particular the fine wines of Bordeaux, Burgundy, Champagne, and preferably also Italy, Germany, and California

HOW TO APPLY

Please send your CV and a brief cover letter to team@wine-lister.com
